ABOUT ME

Second-year Information Technology student at **Azerbaijan State Oil and Industry University** with a strong interest in web development and software engineering. Completed a Full Stack Web Development course at Jet Academy, gaining solid front-end and back-end skills, and currently applying this knowledge through an internship on real-world projects. Continuously improving programming and problem-solving abilities, with a strong interest in gaining international and research-based experience.

EDUCATION AND TRAINING

15/09/2024 – CURRENT Baku, Azerbaijan

BACHELOR OF INFORMATION TECHNOLOGY (IN PROGRESS) Azerbaijan State Oil and Industry University

Website <https://asoiu.edu.az> | **Level in EQF** EQF level 6

WORK EXPERIENCE

FULL-STACK DEVELOPMENT INSTRUCTOR (DMSF VOCATIONAL EDUCATION PROGRAM) – JET ACADEMY –

21/11/2025 – 21/02/2026 – BAKU, AZERBAIJAN

Mentored students through project-based learning, debugging, performance optimization, and deployment workflows using Vercel and Render. Provided code reviews, clean architecture best practices, and guidance on portfolio building and technical interview preparation to ensure job readiness for entry-level developer roles.

FULL STACK WEB DEVELOPER COURSE – JET ACADEMY – 29/03/2025 – 23/11/2025 – BAKU, AZERBAIJAN

Developed responsive websites using HTML, CSS, and JavaScript, collaborating on team projects with Git and GitHub in an Agile environment. Completed individual and group assignments, participated in sprint meetings, and supported junior teammates with debugging and problem solving.

PYTHON BACKEND PROGRAM (100% SCHOLARSHIP) – HOLBERTON SCHOOL – 10/12/2025 – Current – BAKU, AZERBAIJAN

Awarded a 100% scholarship to complete the Python Backend program at Holberton School, gaining hands-on experience in backend development with Python. Developed backend services, worked with relational and non-relational databases, and built RESTful APIs while applying algorithms, data structures, and debugging best practices through real-world, project-based assignments. This training strengthened my problem-solving skills and prepared me for industry-level backend development.

FRONT END DEVELOPER – YB DIGITAL – 25/08/2025 – 25/12/2025 – ISTANBUL, TÜRKIYE

Developed and optimized web applications based on modern UI/UX principles using React.js, Tailwind CSS, and JavaScript. Built responsive, high-performance interfaces, integrated APIs and real-time data, collaborated in an Agile team using Git/GitHub, and worked closely with designers to translate Figma designs into functional code in a remote environment.

Designed and optimized user-focused web applications aligned with modern UI/UX standards. Built responsive and high-performance interfaces using React.js, Tailwind CSS, and JavaScript, developed dynamic components with API and real-time data integration, and collaborated closely with design and backend teams to ensure seamless integration. Focused on performance optimization and enhancing overall user experience.

Front end developer at 4SIM

● **LANGUAGE SKILLS**

Mother tongue(s): **AZERBAIJANI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B1	B1	B1
TURKISH	C2	C2	C2	C2	C2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **SKILLS**

CSS | Html | Python (computer programming) | Visual Code Studio | GitHub | React | Java Script | Next js | RestAPI | Bootstrap and Tailwind CSS | NodeJs (ExpressJs) | TypeScript | Deployment with Netlify, Vercel | Redux | Redux Toolkit

● **CERTIFICATIONS**

Jet Academy, 23/11/2025
Full-Stack Developer

Completed a 7-month intensive Full-Stack Development program at Jet Academy, gaining hands-on experience in frontend and backend development, real-world projects, version control, and best practices, and earned a certificate upon successful completion.

Mode of learning: Work based
